Profile Summary

- **Front-End Development:** Proficient in building interactive and responsive user interfaces using React and Next.js. Experienced with modern JavaScript (ES6+) and TypeScript.
- **Back-End Development:** Solid understanding of Node.js and Express, capable of developing robust server-side applications and APIs.
- **Full-Stack Development:** Competent in the MERN stack (MongoDB, Express, React, Node.js), capable of developing full-stack applications from scratch.
- **UI/UX Design:** Proficient with Tailwind CSS and other CSS frameworks, creating visually appealing and responsive designs.
- **Database Management:** Knowledgeable in SQL databases, particularly MySQL and PostgreSQL, and skilled in using Prisma ORM for efficient database operations.
